

STUDENT AMBASSADOR PROFILE

ODHA STUDENT AMBASSADOR PROFILE – ZHEN YU (SANDY) WU

SCHOOL: Fanshawe College

What made you want to become a dental hygienist?

I want to become a dental hygienist because I am passionate about helping people achieve their optimal health.

Now that you've graduated, what type of practice setting will you be working in, or do you envision yourself working in? If you do already have a job lined up, tell us a little about it!

I do have a job lined up. It is a private practice that serves the Chinese community. But I am still looking into public settings or working for the government (military).

How will you celebrate your graduation?

Fanshawe College will be hosting the 2023 dental hygiene program graduation on my 46th birthday. I feel so lucky to be able to celebrate two significant things in one day. Also, my firstborn child will graduate from elementary school in the same month. I will celebrate with my family and friends.

What do you think dental hygiene students should know about their ODHA membership?

Personally, I strongly recommend dental hygiene students join ODHA membership because it is all about us. It helped me become more professional. Also, there are lots of benefits to an ODHA member.
